

Attention City of Foristell Residence

Changes to the City's Recycle pickup by Grace Hauling

Effective November 1, 2018

Please note the following changes to take effect November 1, 2018. Grace Hauling will continue to collect recycling on a single-stream alternate basis every week. The City is implementing a new collection method that will alternate what types of materials are collected each week. The attached calendar will provide guidelines. For example all highlighted weeks listed on the calendar will be paper products only, and the weeks that are not highlighted will be for metal & plastic items only. The day of pickup will not change **Recycle Wednesday** and **Trash Thursday**.

Please go to **What's New** (located on the top page) for the complete 2019 calendar.
